Last year over One Million Waterman's Ideal Fountain Pens were purchased.

Many of the Customers already possessed fountain pens—of a kind.

But they had found, as others have found, that "of a kind" fountain pens are not good enough—that no fountain pen other than Waterman's Ideal is good enough.

And so they became possessors of Waterman's Ideal—the embodiment of fountain pen perfection.

Waterman's Ideal is the simplest fountain pen in construction, and by far the most efficient in use.

Its patent Spoon-Feed—which regulates the flow of ink to a nicety—itself makes Waterman's Ideal inimitable.

Waterman's Ideal writes smoothly, without leaking or spurting, does not get out of order, and will last a lifetime.

Why not profit by the experience of others, and, missing all the intermediate stages, reach fountain pen perfection with your first purchase—by obtaining a Waterman's Ideal?
